

# Events and Programmes Research Group

---

## WLSA

We are looking for enthusiastic and willing teachers, middle leaders and senior leaders who:

- can dedicate some time to working collaboratively with others
- can think creatively about new themes and ideas for the WLSA annual conference event
- enjoy planning and attending creative and forward-thinking events
- are doers!

This Research Group is responsible for orchestrating a yearly vision for WLSA associate events and programmes, focusing on choosing a theme for the annual conference, reading over and choosing call for proposal speakers, sourcing a list of potential keynote speakers and assisting in sourcing a city and location. This is a very practical role, effectively operating as an Advisory Board for the WLSA Annual & Student Conferences, respectively.

World Leading Schools Association

## The Expectations of members of the Events & Programmes Research Group:

- to contribute to strategic and practical planning regarding the future of WLSA conferences
- to write or source a minimum of two website news articles per year for the WLSA website
- to write a minimum of 1 article per two years for the WLSA Record if required, on a topic to be agreed
- to attend minimum 2 virtual Research Group meetings per year
- to attend the WLSA annual conference as a presenter or guest, schedule permitting
  - anything else as required!

### Benefits for you:

- developing event planning skills
  - networking and connecting with interesting people
- being part of something big and meaningful – this is an amazing opportunity to support and contribute to the vision and mission of WLSA in supporting its members and reaching out to new members as the organisation grows.
  - Conference fee waived at the annual WLSA summer conference
